

2018 FACTORY TRAINING PROGRAM XFYRE "A" SERVICE SCHOOL

XFYRE "A" COMMERCIAL BOILER SEMINAR

Select Dates

- March 15th & 16th
- May 17th & 18th
- September 13th & 14th

XFyre "A" Only \$250.00 for both days

The class covers the five models of the XFyre boiler and water heater, sizes 300A-850A MBTUH, used in hydronic and hot water applications. The topics include design features, wiring schematics, programming, troubleshooting, plumbing and venting section. Class topics also include an in-depth discussion of the sequence of operation for each heater.

The Versa IC control module will be studied in depth to understand the available programming features. You will learn how to use the cascade feature for multiple boilers and how to connect a BMS signal. Other features that you will study are the PVC or Centrotherm[®] Polypropylene vent option, condensate disposal and condensing boiler technology.

The second day of the class will be "hands-on" troubleshooting. The "hands-on" session is designed to ensure that everyone can program and troubleshoot the units quickly and efficiently.

The cost of the two day class is \$250. Included in the class you will receive the training manual (first day ONLY and only one per person). We provide a light breakfast of coffee, juice and pastries or bagels and a catered lunch at noon. The class hours are 8:00 AM to 4:30 PM. A certificate of course completion is awarded at the end of class. Register early, as the class size is limited to a maximum of 30 people.

A guided plant tour through our manufacturing facility the second day will be held and safety is of the utmost priority. No shorts or open toed shoes such as flip flop's or sandals may be worn to the class.

Seminar Location: RAYPAK factory, 2151 Eastman Ave., Oxnard, CA 93030
